

“ Thanks to Heritage Living Center  
I am stronger than ever. ”

- Paul West

# healthy harvest

**A**rea residents may have seen Paul West at the intersection of Hogan and Prince in Conway this summer selling fruits and vegetables at his produce stand.

Something his customers and passersby may not have realized is that just six months prior he had been in very poor health. After his hospitalization, Mr. West was a short-term rehabilitation patient at Heritage Living Center where the excellent team of therapists and caregivers helped him to return to his active lifestyle after only two weeks of therapy.

For more information on the programs at Heritage Living Center, please call 501.327.7642 or stop in at 1175 Morningside Drive for a personal tour.
